Re: Pearl Bahmer.

Interviewed Attorney William D. Danberry, Room 25, 40 Paterson St. relative to any knowledge he might have concerning P. B. and her present address or whereabouts. Said he has not seen or personally heard from her since he appeared as counsel through her father. Could offer no suggestions or possible lead that might furnish this information. In my presence he phoned Attorney Paul Ewing at his office, 390 George St. to learn if he had at any time been in direct communication with P. B. and knew of any way she might be located? Mr. Ewing told him he had not the slightest notion and could offer no suggestions.

Respectfully submitted,

Thomas L. Harrison.
